

NEW REVOLT AGAINST GOMPEERS BREAKS OUT AT A.F.O.F.L. CONVENTION

Organization Politics Came To the Front at Cincinnati When Movement Got Under Way To Bring Out John L. Lewis for President

RAILROAD MEN MAY BE AFTER VETERAN LEADER

Various Educational Matters Were Under Consideration By the Convention Including Harvard's Alleged Discrimination Against Jews

Cincinnati, June 20. (By the Associated Press).—Organized labor's attitude on educational questions was before the American Federation of Labor convention to-day for consideration. Overriding the usual questions centering about the conduct of school terms, courses of study on the labor movement and free school books was a resolution proposing an investigation of "the alleged discriminatory action contemplated by Harvard College" to deny admission to Jews.

The investigation was proposed by Matthew Woll, a vice-president of the federation; Benjamin Scheisinger, president of the International Ladies Garment Workers; and James Doherty of the Boston Central Labor union.

Organization politics again came to the front to-day when a movement got under way to bring out John L. Lewis, president of the United Mine Workers of America, as a candidate contesting the re-election of Samuel Gompers, as president.

The move against Mr. Gompers' re-election was considered at a meeting of the officers of several railroad unions.

CLAIMS "FRAME-UP."

Georgia Man Arrested on Charge of Poisoning Several.

Washington, Ga., June 20.—Plans were made to exhume the bodies of Charles W. Willbanks and the first wife of Dr. J. G. Saggus to determine the cause of their deaths.

This announcement was made after the arrest yesterday of Dr. Saggus, who was lodged in jail here on charges of poisoning the former Mrs. Saggus and Willbanks, a former neighbor and husband of the present Mrs. Saggus. Dr. Saggus emphatically denied the charges and attributed them to a "frame-up" born of jealousy. His denial was substantiated by Mrs. Saggus, but with the verdict of the coroner's jury that the physician was guilty of a double murder in their minds, officials prepared for the post-mortem examination.

DECREASE OF SECOND CLASS P. O. RATES

Was Considered To-day at Cabinet Meeting—Harding and Work Favor It.

Washington, D. C., June 20.—The administration has under consideration a decrease in second-class postage rates, it was said to-day at the White House. Considerable discussion was given to the subject at to-day's cabinet meeting and President Harding and Postmaster General Work are inclined to believe that at least a part of the increase in the second class rates made during the war should now be removed.

MARCH TO GETTYSBURG.

American Soldiers Will Re-enact Famous Battle.

Washington, D. C., June 20.—Breaking camp on the Potomac river slopes near Arlington at daylight, the famous fifth and sixth regiments of marines, 5,000 strong, resumed their long hike to-day from Quantico, Va., base to Gettysburg, Pa., where they will re-enact the famous Civil war battle in field manoeuvres on July 3 and 4.

A Bit of Business Philosophy.

A famous hotel man, who is also a philosopher, once made a remark that would apply to almost any business. "The greatest mistake," he declared, "that is commonly made by employers and managers is to exert themselves more for the comfort of an old-time customer than for a new one. According to all rules of hospitality and logic, the person who should receive the most effort for his entertainment within the door is the newcomer. In your own home you would not think of making a great fuss over a man who had been there before, and more or less ignored another fellow who is receiving your hospitality for the first time. Yet in a hotel dining-room the head waiter is most careful to seat the man who has been before, and in most stores the clerks make more fuss over an old customer than over a new one who is giving the store a first trial."—Nation's Business.

PAID MILITARY SCHOOLS.

Sec. Weeks Says They Speak for Preparedness.

Lexington, Va., June 20.—Secretary Weeks, speaking here to-day to the graduating class at the Virginia Military Institute, hailed as a good sign the increasing number of military schools in the country. The increase, he said, must be a "great satisfaction to those believing in adequate military preparedness."

"I do not mean preparation for war," the secretary continued. "An education at such a school does not create a passion for war. In fact, my experience has been that those who know most about war are the ones most desirous of preventing it. We cannot be unmindful of the fact, however, that in order to survive a nation must possess a military force sufficient to defend it from the enemy without and within to make secure its sovereignty, and secure enforcement of its laws."

The training given in the standard military schools of our country is a great asset to the young man about to undertake a career and the responsibility of citizenship. It gives him poise, a disciplined mind and a body, a decisiveness of action, a knowledge of the advantages of clean thinking and living, and a high sense of honor.

"I appeal to you, therefore, whatever may be your vocation after leaving this institution, to devote some part of your time to the affairs of your country. It is not necessary for you to hold public office, but it is essential that you give your country the benefit of the training and education you have received here. Resist all attempts to turn from the representative form of government created by the constitution and take an active interest in the affairs of your community to the extent of seeing that only wise, trustworthy and courageous men are elected to public office."

"If you do not wish to become connected with a military organization at least determine that your country will have the best trained and most efficient military force and that it shall be of sufficient strength to meet the requirements of the nation."

"INSIDIOUS PROPAGANDA"

Is Way Part of House Military Committee Sizes Up Ford's Offer

FOR PURCHASE OF MUSCLE SHOALS

Points Out That Ford Does Not Agree to Make Fertilizer

Washington, D. C., June 20.—Henry Ford's offer to purchase and lease the government's power and nitrate projects at Muscle Shoals, Ala., was attacked to-day in a report to the House prepared by Representative Kearns, Republican, Ohio, and signed by Representative Morin, Pennsylvania; Parker, New Jersey; Crowther, New York; Frothingham, Massachusetts; and Ransley, Pennsylvania, all Republican members of the House military committee.

The report declared dissatisfaction with opinions already presented to the House by other members of the committee and announced that the signers were determined to tell "the people" the "real facts about Muscle Shoals and the so-called 'Ford offer'."

Representative Kearns said Representative Parker and Frothingham signed the report although they previously had endorsed another minority opinion. He expected two other committee members would sign later, he said, making a total of eight Republican signatures on the report.

Declaring the belief that "the country little understands what it is that Mr. Ford is offering to do, or what, if anything, he is offering for this great plan," the signatories first denounce what they describe as "one of the most insidious propagandas that the nation has witnessed for many a day."

Many of the Ford advocates, the report says, are honest and conscientious, but have been misled as to the facts. In this connection, it points to the provision by which fertilizers would be manufactured and says that despite "persistent reports that he will compel the fertilizers manufacturers of the country to sell their product at one-half of what they are now selling," Mr. Ford "does not agree to make fertilizers at all unless he can make them with a profit to himself."

"The only thing that is kept before the public," the report continues, "is that he is to make fertilizers and sell it cheaply to the farmer, only charging for himself a profit of eight per cent on the production. No one has ever suggested how he could make fertilizers and sell them cheaply or what means he would employ. The bold claim is made, and Congress and the country must take the statement as absolute truth or be forever condemned by this crowd of wicked propagandists."

The properties for which Mr. Ford offers the government \$5,000,000, the report says, already have cost the government \$85,487,900.

IRATE HUSBAND

WAS DISARMED

After He Had Beaten Train in Automobile and Headed Off Elopement

Wife and Farmhand.

Louisville, Ky., June 20.—Coakley Howe, whose wife ran away with his farmhand, raced a train from New Haven, Ky., to Louisville in his automobile last night and beat the train. He was disarmed by the police but they met the train for him and arrested the farmhand, William Bray, and Mrs. Irene Howe.

"I prayed four hours to find out whether it would be a sin to kill you," Howe told Bray, "and I found out that it wouldn't. I intended to send ten bullets into your body but the police wouldn't let me. I promise you that if ever I see you again I will put you out of existence. I suggest that you join the army or navy and stay away from here."

Bray sought refuge in a cell for the night and then departed from Kentucky while Howe and his wife returned to New Haven to-day.

RETURN OF ALIEN PROPERTY

It was announced to-day at the White House.

The president, working with the departments of state and justice and the alien property office, it further was stated, will recommend that alien owners of seized property valued at more than \$10,000 amounts shall be entitled by the legislation to receive if necessary part payment ranging up to the \$10,000 limit.

CITY'S FOOD CUT OFF BY FLOOD

And 18,000 People May Be Suffering Great Hardship

AS RIO GRANDE RIVER MOUNTS

Crops Valued at \$2,500,000 Are Covered By Flood Waters

San Antonio, Tex., June 20.—Twenty-one thousand acres of Rio Grande valley land with crops valued at \$2,500,000 flooded in Hidalgo county, a fresh rise in the lower stretches of the Rio Grande as the result of flood waters which came down late yesterday afternoon from the San Juan river in Mexico, while the cloudburst flood of the upper river is nearing its crest at Laredo, 150 miles upstream, summarized the border flood situation to-day. Meanwhile the fate of 18,000 inhabitants of Pinar Nuevas, Mexico, across the river from Eagle Pass, isolated since railroad and highway bridges swept out Sunday night, is causing grave concern. The city is surrounded by water and the food supply is thought to be short.

The flood stage at Laredo this morning was 27 feet and rising. From the Mexican side it is reported that the towns of Sabinas and Alamo on the Sabinas river were practically destroyed. The Sabinas is a tributary of the Rio Grande.

RAGING MERRIMACK

BREAKS LOG BOOM

Great Loss in Logs Sustained as Result of Collapse of Boom at Martin's Ferry.

Manchester, N. H., June 20.—The raging currents in the Merrimack river this morning threw logs against the boom at Martin's Ferry with such force that it broke allowing hundreds of logs to rush down the stream to the Amoskeag dam there to go over the falls to the rapids below. Owners of the lumber were unable to estimate the loss this morning, but admitted that it would probably be heavy.

No attempt was made to check the tumbling logs at the dam because of the highwater which made the use of boats too dangerous. There were 800,000 feet of logs above the dam before the boom broke.

State highway agents stated that dirt roads throughout the state have been washed out by the rain of the past few days, making immediate repair necessary.

The river at the Amoskeag gate house is about three feet higher than usual at this time of year, according to the attendants.

PEOPLE FLED IN BOATS.

When Chaudiere River Overflowed Its Banks in Canada.

Sherbrooke, Que., June 20.—Fed by the continuous heavy rains of the last few days, the Chaudiere river has overflowed its banks, flooding most of the Chaudiere valley. The inhabitants of the villages of St. Mary, Beauveille and St. Joseph were forced to escape in boats to higher ground when the waters inundated their homes. Travelers to Valley Junction were met at the railroad station in boats and rowed to the hotel as many of the streets are flooded.

He was interviewed, photographed and caricatured.

The former president is being fettered with luncheons, banquets and miscellaneous festivities, and it is feared he will not be able to give as much time as he expected to the study of English judicial procedure.

WON VICTORY ON FRIENDS' EFFORTS

Senator Hale of Maine Renominated Over Two Competitors—Baxter Again Named for Governor.

Portland, Me., June 20.—Senator Frederick Hale, Republican, without making a personal campaign, won an easy victory in the state primaries yesterday. The vote cast for him was larger than the total for his two opponents, former Congressman Frank E. Guernsey and former State Senator Howard Davies, and his plurality over Guernsey was nearly 30,000. Davies ran a poor third.

In another three-cornered contest Governor Percival P. Baxter, Republican, was renominated for a second term by a plurality of 25,000 over John D. Deering, with Leon F. Higgins trailing.

The vote of 513 election precincts out of 635 in the state, representing 401 out of 529 cities and towns, was:

For senator: Davies, 7,230; Guernsey, 16,699; Hale, 36,196.

For governor: Baxter, 40,552; Deering, 14,916; Higgins, 10,759.

The total registered vote of the missing precincts, mostly very small towns, was too small to affect the result.

Returns from the same precincts left the contest for state auditor in doubt. Auditor Elbert D. Hayford, seeking renomination, was leading Edwin J. Morrill by slightly more than 400 votes, with Maurice W. Bragdon running a good third. The vote of these precincts was: Bragdon, 14,088; Hayford, 18,125; Morrill, 17,698.

Senator Hale carried all but two counties and all but three of the cities. Guernsey carried his home county, Piscataquis, and the adjoining Penobscot county, and the cities of Bangor, Brewer and Lewiston.

In Portland, the largest city, the senator's vote was 2,100 greater than the combined vote of his opponents.

Governor Baxter lost only two counties, Penobscot to Higgins and York to Deering, with the possibility that Higgins might nose him out in Hancock county when the last returns were in. He carried all but two of the 20 cities. Higgins carrying Bangor, Brewer and Oldtown and Deering carrying Saco.

All of the candidates carried their home towns. The total vote, partly because of heavy rain, was light. Women voted in the primaries for the first time in this state, although they participated in the election in 1920.

It was the second defeat of Guernsey for the senatorial nomination, and of Deering for the nomination for governor. Six years ago in a special senatorial primary Guernsey lost to Senator Fernald by 800 votes. 1920 Deering ran second by 2,500 votes to Frederick H. Parkhurst in a four-cornered contest. Governor Baxter came into office upon the death of Governor Parkhurst soon after his inauguration.

Congressmen Beedy, White, Nelson and Hersey, all Republicans, were renominated without opposition. On the Democratic ticket there were only minor contests. The Democrats nominated for senator former Governor Oakley C. Curtis, for governor former State's Attorney William C. Pittingall and for Congress Louis A. Donahue, Bertrand G. McIntyre, Leon O. Tibbetts and James W. Hall.

In a statement early to-day Senator Hale expressed pleasure with the "vote of confidence" given him and added: "The contest has been so conducted by all of the contestants as to leave no sore spot, and the Republicans of Maine will be united in September. With Governor Baxter as our standard bearer I believe that we shall win a notable victory."

Higgins Congratulates Baxter.

Bangor, Me., June 20.—Leon F. Higgins, defeated candidate for the nomination for governor in the primary election Monday, sent the following telegram to-day to Governor Baxter, the successful nominee:

"Accept my congratulations on your victory. Best wishes for success in September and during your entire administration."

DROWNED IN QUARRY HOLE.

Fair Haven Boy's Body Was Soon Recovered.

Fair Haven, June 20.—Harold Jones, eight years old son of Mr. and Mrs. Allen Jones of Scotch hill, was drowned yesterday afternoon about 3 o'clock, while playing with other children near an old quarry, which had not been worked in some time, being partly filled with water. The opening is known as the Jones quarry and is on the Estey farm.

The children were playing with bows and arrows, and the Jones boy, while reaching for his bow, which had fallen into the quarry, lost his balance and fell in. The children called for help and Harold Hayes, who is employed as engineer for the Old English State company ran to the assistance of the boy, but he had sunk.

A grappling hook was secured and the body was recovered. After being viewed by Selectman D. N. Ellis, it was removed to the undertaking rooms of the Cahoe House Furnishing company. The young lad is survived by his parents, Mr. and Mrs. Allen Jones, one sister, Frances, and two brothers, Victor and Walter.

DUFFICY-KENNEDY, BARRE'S CITY ATTORNEY MARRIED TO CHICAGO WOMAN.

A very pretty but quiet wedding took place this morning at St. Monica's church at the hour of eight when City Attorney Edward C. Dufficy of this city and Miss Margaret Patricia Kennedy of Chicago were united in the holy bonds of matrimony by Rev. P. M. McKenna.

The couple marched down the aisle, attended by Miss Margaret M. McKenna as bridesmaid and T. J. Crogan, a friend of the groom, as best man. The bride and bridesmaid were dressed in white crepe de chine, the former wearing a veil of white tulle and orange blossoms. There were a number of friends present to witness the ceremony.

Immediately after the service the couple, together with the wedding party, went by auto to Hotel Barre, where a wedding breakfast was served them. They left early this morning for the White mountains on a brief wedding trip.

Mr. Dufficy is well known in this city, having been recently elected to the office of grand juror and city attorney. Mrs. Dufficy arrived in the city last week.

YOUTHFUL PERPETRATOR.

Run Down By Barre Police After Breaks Sunday Night.

After a diligent search, the local police have succeeded in locating the perpetrators of several breaks which occurred Sunday night. In this case they were youthful criminals. Two of the guilty parties have been questioned by Chief Sullivan and admitted two of the breaks. They also returned stolen property, consisting of a thermometer, stamps and papers taken from the Braut granite office on the meadow and of 12 pencils, compass, drafting implements, rules, glue, emergency case and paper from the Chiodi Granite company's office. They also admitted having taken a letter book and a .22 cal. rifle from the same place last fall. They also appropriated in the last break 3 gallons of motor oil. At the office of Saldi and Rossi only a few dollars and some papers have been stolen but the person taking them is not yet in the hands of the police.

The methods of entering the various offices were widely varied. In the Chiodi break they gained admittance by means of a skeleton key which one of the lads had obtained, while in the Braut break they went so far as to raise the window to gain admittance. They chose their break for the night in the Saldi-Rossi break for they smashed the glass in the window itself. These petty thievery all took place last Sunday night, each office being broken into within a short time of each other. Owing to the fact that the grand jury left to-day on a wedding trip it will probably be impossible to hold a juvenile court until his return.
